SUPPLEMENT TO

FOR THE

# SOMALI-KENYA GUERRILLA-TRAINING CAMPS

25X1

SUPPLEMENT

SOMALIA-KENYA

Somalia-instigated guerrilla activity in Kenya's Somali-inhabited northeast is increasing as Mogadiscio continues its long-standing effort to unite the Somalis in Kenya and Ethiopia with Somalia. The Kenyans are reacting sharply, and a continuation could provoke clashes between regular Kenya and Somali military forces.

25X1

Mogadiscio is sending more and better equipped guerrillas into the northeast. It has already trained 1,200 at camps in southwestern Somalia (see map)

25X1

Although Kenya officials have not recently expressed alarm, the number of clashes and casualties has clearly increased. Nairobi's new and tougher control measures have not stopped guerrilla infiltrations, and Kenya military forces in the northeast--a battalion plus police--are apparently being increasingly hard pressed.

25X1

Mogadiscio may feel emboldened because of its Soviet-equipped army, which is being trained by some 200-300 Soviet military advisers. There is, however, no evidence of any Soviet involvement with the guerrillas, although Soviet deliveries have clearly permitted the army to release older arms to the guerrillas.
